DOG CATCHER
TO BE EMPLOYED

SALARY AND FEE FOR EACH UN-
LICENSED DOG CAUGHT
WILL BE PAID BY
COUNCIL.

Following communications from Detroit and other cities, respecting the way untamed dogs are disposed of, the Laurium village council in session last evening decided to employ a dog catcher, who will receive a salary and a fee of 25 cents for every dog for whom a license has not been procured.

All unlicensed dogs are to be impounded by the dog catcher and descriptions of the dogs advertised. If not claimed after that the animals will be destroyed.

Last night marked the last payment of bills for formaldehyde and other necessities incurred in dealing with contagious diseases in the village. From now on bills for the treatment of these cases will be dealt with through other channels, the councilmen refusing to foot the same any longer.

It was decided that in future all property holders requiring sidewalks built along their property, be required to furnish a bond for the same, the council being careful because of past experiences in this respect.

Mort Gatchell, representing the Art Metal Construction Co., showed plans and sketches of a steel filing case which the village is anxious to secure for use in its safety vaults. This matter was laid on the table until the next regular meeting.

It was practically decided last evening, after a lengthy discussion, to put the question of bonding the village for \$33,500 up to the taxpayers. Of this amount \$24,500 is needed to liquidate the floating indebtedness and place the village on its feet financially, while it is also proposed to issue \$9,000 in water bonds. This \$9,000 will permit the installation of more meters on the water system, thus adding a source of revenue to the village. The council will meet again this evening to take final action on the bonding question.

The monthly report of Village Clerk Prisk was submitted last evening, and owing to the Preston system recently adopted, the report is greatly simplified. Following is the summary of the report:

She is here in the interest of Catholic missionary work in Japan, and is touring the United States. She came to Laurium from Milwaukee and will spend at least a week here.

Sister Mary Louise visited Washington, D. C., recently, and had an interview with Mrs. Taft, wife of the president. Mrs. Taft appeared greatly interested in Sister Louise and the object of her visit to this country.

Sister Louise's specific work at present is soliciting aid for an orphanage to be erected in Yokohama. The community has a house in Tokyo and another in Shikoku. In Yokohama there are five hundred children who were supported by the mother house in Paris, till the Sisters were expelled from France. Sister Louise has been working for these children for over thirty-six years. She has traveled from the Far East, trusting

SACRED HEART OPENING.

Interesting Services Held on Threshold of New School Year.

As a most appropriate initiation to the resume of school work, the pupils and teachers of the Sacred Heart school assembled in a body to assist at a vespertine mass of the Holy Ghost, offered in their behalf. The officiating celebrant was Rev. Father Bede. As a conclusion to the morning's ceremonies, the reverend pastor addressed the children, in his kindly, paternal way, exhorting and encouraging them to follow the path of duty in love, confidence and zeal.

Following this, the pupils proceeded to their respective classrooms to await promotions and classifications. In spite of the inclemency of the weather, the attendance proved far beyond all expectations both in the grade and high school departments. The present registration has far surpassed any preceding record.

LOSE CORONATION PROFITS.

Experts say that it will be months before England recovers from the damage which has resulted to business as a result of the labor trouble. All of the profits nearly that were made during the coronation have been swallowed up by losses during the past few weeks. The world at large only hears of big failures, but there have been a number of collapses among small business firms that have affected large numbers of people. There are a number of American business men in England who declare their belief that in time American methods will be adopted, especially as regards combination, to avoid series of large failures.

SOMETHING TO SHOW.

"Do you mean to tell me," demanded Mr. Stillus, angrily, "that you actually ordered ten dollars' worth of groceries of a total stranger, at prices less than any wholesale dealer can buy them, and paid for them in advance?"

"Yes, that's what I said," replied his better half.

"And you hadn't sense enough to see that this was a bare-faced swindle!" roared Stillus. "Well, your money's gone now, and you have nothing to show for it."

"Why, yes, I have, John," said his wife. "I have the man's receipt for the money."—September Lippincott's.

MORE GOOD BASEBALL IN
PROSPECT FOR CALUMET

ALL-STAR GAME NEXT SATURDAY
WILL PROVE WINNER.

Series With Iron Country Teams Will
Prove of Interest.

Although the curtain will fall next Sunday on the league baseball season in the copper country, there are still several good games in prospect for the Calumet fans. Every team in the league has one or more postponed games which will be played off on Sept. 16-17 and Sept. 23-24.

The game between the Calumet team and a team of All-stars, which is scheduled for next Saturday should prove one of the best of the season. Paul Hogan the Mohawk captain will select the All-stars and will undoubtedly select a strong bunch. As Nick Kaiser of the Hurontario team will play with Calumet, the locals are assured a lineup which will not suffer greatly from comparison with any that might be chosen in the league. Renwick will pitch for Calumet and Hogan and Wagner for the All-stars.

The announcement that negotiations are pending for a series with the teams in the Iron Country league is hailed with delight by the copper country fans, as it offers an opportunity to settle the beyond a doubt the question of supremacy, which has been much mooted this season. The teams probably would be matched according to their respective standings at the close.

As Hubbell and Calumet are now tied for second place in the league race, it may be necessary for these aggregations to meet to decide the honors. Mohawk is scheduled to meet Hubbell at Hubbell next Sunday however, and this game may break the tie.

JOHNSON PLANS CAMPAIGN.

Will Retire After He Has Disposed of
All Contenders.

Paris, Sept. 4.—Jack Johnson expects to retire from the ring unwhipped. Discussing his plans today he declared that after he has disposed of all of the contenders for the title he will return to Paris to live. He said:

"There is absolutely no present prospect of anybody ever licking me. I am going over to England next month to polish off Bombardier Wells. Then I am going with McIntosh to Australia, where I will lick both Sam McVey and Sam Langford. That will clean up all of the men who think they have a chance with me. After that I will keep all of my theatrical engagements which will cover another year."

"At the end of that time I will come back here to Paris, announce my retirement from the ring, and open a big gymnasium. I will pick half a dozen of the next best men in the world then and let them fight for the title in London, England, America and Australia. To make it interesting I will buy a big championship belt and will act as referee myself."

BURNS MAY COME BACK.

Noah Brusso Said To Be In Fine Condition Now.

"Don't be surprised if Tommy Burns re-enters the ring," writes Willard Mack, the well known actor to a friend in Duluth. "He is only 30 years of age and is a fellow who has always taken the very best of care of himself. The one thing that may keep him out of the ring is the injury to his leg."

"Tommy has lots of money, a big general store, a fine home, a fine little wife and an awfully cute little baby. What more can a man want? He never went wrong about the old wolf prowling around."

"Not so long ago he told me that many of the stories about Johnson's dreaded lefts are myths. Tommy told that Johnson hit him about twenty punches flush on the jaw with his left and did not hurt him. He says the greatest asset the negro has is his defense. He is of the opinion that Johnson wants none of Langford's game."

China uses 400,000,000 pounds of tea a year and exports 200,000,000 pounds.

60 BALLS TO WHOLE GAME.

Star Washington Heaver Sets New
Record for Majors.

Walter Johnson is believed to have set a world's record in a recent game with the Naps when he retired Cleveland in a nine-inning game by pitching only sixty-nine balls.

Fifty-four of these were over the plate, while but fifteen were called "balls" by Umpire Connolly—less than two an inning.

Johnson faced thirty-one batters which lets him out with an average of a trifle more than two pitched balls to each one. Figuring it according to innings, Johnson averaged but a little over seven to a round.

In the third and fourth innings, he pitched but five balls each while seven was his limit in the sixth and ninth. In the first, second and fifth, he was not so stingy and pitched eight apiece, while in the eighth he pitched nine. The seventh was the round in which he was over-worked as he threw twelve up to the plate in that session.

SPORTING EDITOR'S NOTES.

Byrne, the Pittsburgh infielder, has twice made five hits in a game this season.

The Evansville Central league team has been transferred to South Bend, Ind.

Both Bridwell and Dohlin, the former Giants, are playing some swell ball for the Boston Rustlers.

It is said that in his fourteen years of service in all leagues, Umpire Johnston has not fined a ball player.

Inish at short, and Bauman playing second base for the Detroit Tigers, are the fastest pair of little fellows in the big show.

Shodgrass, of the Giants, who has made a large number of doubles and triples this season, has yet to make his first home run.

If Chance and Evers had been able to play regularly, the Cubs claim that they would now be far in the lead in the National League race.

The best "waiters" at the plate in baseball today are Sheppard of the Cubs, Huggins of St. Louis, Devore of the Giants, Daniels and Hemphill of the Yankees, Knabe of the Quakers, Hooper of the Boston Red Sox and Cobb of Detroit.

Packey McFarland will engage in no more bouts until his muss with Ad Wolgast.

Freddie Welsh, the English lightweight is out with a challenge to the winner of the Wolgast-McFarland bout.

The three big negro fighters, Jack Johnson, Sam McVey and Sam Langford are all booked to tour Australia.

NO NAPS ON ALL-STAR.

Manager Stoval Needs All His Men
For Series With Reds.

Cleveland, Sept. 6.—Manager Stoval has served notice on the American league in general that in the event of an all-star team being picked to give the league champions some practice this fall prior to the world's series, such team need not expect any of the Naps. There has been some talk of Lajole being selected for first base. Joe Jackson for one of the positions in the garden, with Vean Gregg as pitcher.

But Manager George has other plans. Cincinnati is to be encountered in a post-season series again and Stoval and the members of the Naps are eager to tackle the Reds and secure revenge for the defeat sustained last fall when the Reds won four of the seven games played.

HANLON AFTER FRANCHISE.

Baltimore, Md., Sept. 6.—Edward Hanlon, former manager of the Baltimore and Brooklyn baseball clubs, has now turned his attention to the American league and hopes soon to conclude negotiations for the purchase of one of the clubs in that organization according to well informed baseball men here. Hanlon tried to buy the Boston Nationals recently and was willing to pay \$150,000 for control, but President Russell finally decided to discontinue negotiations.

Elsie Ferguson will begin her tour in October in "Dolly Madison."

MACK FAVORS GIANTS.

Believes McGraw's Men Have Best
Chance to Win.

Philadelphia, Pa., Sept. 6.—Connie Mack believes that New York will win the pennant and that the teams who will battle for the world's title in October will be identically the same as those who fought for it six years ago. "They are having a spirited fight in the National league and it is a rather open race," said Connie today, "but I pick the Giants, who appear to be playing the smoothest ball. The Athletics don't fear the Giants any more than they do the Cubs. They expect to win the series again no matter which National league team they will have to face."

SALE AROUSES MAGNATE.

Dreyfuss Censures Owners of Cubs and
Quakers.

Cincinnati, Ohio, Sept. 6.—President Barney Dreyfuss of the Pittsburgh club, deplors the sale of first baseman Transfield by the Philadelphia club to the Chicago Cubs. Comment made by Barney shows he thinks the owners of the two clubs are hurting themselves.

"The deal is to be deplored," said Dreyfuss, "but if Murphy and Fogel want to hang themselves, that is their business."

LANGFORD KEPT BUSY.

New York, Sept. 6.—Sam Langford won his ten-round bout with Joe Jeannotte last night, but every minute of the thirty in which blows were exchanged the Boston man knew he had a stiff problem to solve. Jeannotte fought gamely and cleverly. The Hoboken negro was at no time afraid of the Boston terror and frequently sent back better than he got.
